

## ANSWERS TO RULE 7 QUIZ

1. MONDAY NIGHT, SEPTEMBER 15.
2. No foul in (a) or (b). In (c) it is a foul on B2. (7-5-10a) is the rule reference they give.
3. No foul in (a), but in (b) a foul by A4 for offensive pass interference. Same rule reference is given.
4. Ineligible A players may not advance across the expanded neutral zone before the last pass which crosses the neutral zone is in flight unless touched by B in or behind the neutral zone. Reading this makes it sound like the LAST pass, so I think you have ineligible downfield in (a) pass interference in (b).
5. The initial position on the line makes him ineligible. Illegal touching in (a) and pass interference in (b). Stay focused on ineligibles, don't get into illegal shift.
6. Catch in all 3, clock runs in (a) and (b) as forward progress was stopped on the 5, in (c) clock stops as the play ends on the 3, no forward progress.
7. No. 7-10-a
8. No. 7-7
9. No.
10. MONDAY NIGHT, SEPTEMBER 15.
